Hello - I have access to this email account. I would like for this case to be reviewed quickly, as I have already waited 7 days (Case# 0110855037) and have not had any contact at all from you folks. I feel this is plenty of time to at least issue me a reason why my account has been suspended. If you could at least confirm you've seen either request, that would even suffice.

Thanks, I hope to hear from you very soon.
